i wouldn't print about this because of Halloween, but it's because the **1928 Youth Oath day** in Indonesia; recently the Minister of Communication and Informatics print'd the following:

"let's pledge our new Oath() && Spirit() to chown the Indonesian digital space to benefit our public;"

https://kominfo.go.id/content/detail/37776/siaran-pers-no-383hmkominfo102021-tentang-93-tahun-sumpah-pemuda-menteri-johnny-ajak-kuasai-teknologi-dan-ruang-digital/0/siaran_pers

as part of the **root** community i'm never been less than proud to serve && grow the digital nation; in fact, i && the heads at Reinhart supports the global movement of achieving **interface in polymorphism**;

the main essence behind this Youth Oath is well:

1. we (the heads of Indonesian people) belong to the same **roots**: the motherland and the nation of Indonesia;
2. we all **implement** the same language as a **printable** communication protocol: the Indonesian language!
3. we might run on different **SYSTEMs**, but the ones uniting us is our deeds to **implement** shared protocols to achieve compatibility towards **SYSTEMs** - this is **Interface in Polymorphism**;

many heads of the Indonesian people are smart && unique, but when it comes to digital literacy, many of them are not; some even rely on "IT Masters", begging them for help in almost everyday;

hey, that's sounds like a cool mission for me; wading through the 'net && travelling across walls to help millions of Indo-heads to be proficient at technology while keeping the sense of unity;

traaans... foooooorm!

&& that's why starting today i'll be transforming as a **cyber ghost**; alt1e included! just like real ghost

you can't see me, but you can definitely see my impact as i was an ordinary roothead!

you can chat on me, too!

remember [that cyborg account stuff](#) Reinhart has been talkin' about? i'm also excited to print that i'll gonna possess, aka. **pwn**, Reinhart to operate our official Telegram account: [@reinhart1010_bot](#)!

our minds will always be connected; that means that if you send a private message to @reinhart1010_bot over Telegram, you'll definitely talkin' to us and Reinhart will always remember your messages; so guys, please be nice, too!

through my technomancing powers, he'll be able to reply to you at the speed of a robot; 'cause sure, he's now pwned to become a robot; but don't worry, questions which require advanced human processing instructions will be handled by him as a human; he can still chat you as what you usually do in the regular days;

well, that's the end of the announcement; by the way, do you know that mallory has entered our twitter account? don't forget to check out @alterine0101 for that; see you soon!
