No, it's not her birthday (and I would prefer choosing [April 23](#) instead of today). But at the same time, today's **16/5**!

So, how would you pronounce the number 16 that suddenly shifted to 15? Is that "si... fteen?"

To celebrate the first Shiftine Day we've celebrated on our lifetime, we are officially changing our corporate name from, the confusingly "Reinhart Previano Koentjoro" to "Citra Manggala Dirgantara", as we [promised](#) before. The secrets on her Indonesian initials could make you understand that this person looks like either the [Command Prompt](#) or some DOS or Windows geek.
